

Trelkez - neutered male WGSD, 6-7 yrs old, UTD on shots, knows basic commands, scared of thunder, not good with cats, not sure about other dogs and children. He loves his ball and will play fetch. His previous owner kept him outside most of the time, but did bring him in when it was storming. He is house trained, good with other dogs as long as he is introduced properly and would be fine in a home with older children.

LIESL

She is the black, pure bred GSD that was taken out of an abusive home situation. She's two years-old, spayed, up to date on shots, and heartworm negative.
